

Liba Jacobs - Registered Nurse

"As a single parent and a career in nursing, I was tired. Tired of working hard and getting no where fast. That's when I was introduced to West Coast Wellness. Following their proven system, I get paid more in a month than I use to earn in a year. Now I pay it forward helping others achieve balance in their lives. If you are like me, desire more and want to make a difference, call West Coast Wellness today. -Liba Jacobs
